Masonry's Biggest Competition is Back!

The 2021 SPEC MIX BRICKLAYER 500® World Championship Dates are Official

FOR IMMEDIATE RELEASE:

EAGAN, MINN (3/25/2021)

SPEC MIX, LLC, a QUIKRETE Company, has officially announced that the world's largest and most prestigious masonry competition, the SPEC MIX BRICKLAYER 500®, will hold its World Championship on Wednesday, June 9th, 2021 at the World of Concrete in Las Vegas. Originally scheduled to be held in January, the event was sidelined due to local restrictions enforced surrounding the Covid-19 pandemic.

After hosting 16 Regional Series qualifier contests throughout North America in 2020, the championship roster was finalized. The returning World Champion, Fred Campbell, and returning SPEC MIX TOP CRAFTSMAN®, Darian Douthit, will join sixteen regional winners and four wild card qualifiers to compete for a new Ford F-250 4x4 Truck and the title, "World's Best Bricklayer."

"We are excited to be able to bring the masonry world together, to celebrate the talent of these amazing craftsmen and crown a champion. After a year when we weren't sure it would happen, we look forward to the opportunity of getting back to Las Vegas and putting on a great show for the masonry industry," said SPEC MIX Vice President, Brian Carney.

The SPEC MIX BRICKLAYER 500 will be aired live online at www.specmix.com and on the SPEC MIX Facebook page. To learn more about the competition and the competitors, visit www.needtomakeanewurl.com

###

SPEC MIX is your national source for high quality, factory produced mortars and grouts that are pre-blended for the construction industry. SPEC MIX products are precisely engineered to meet ASTM and building code requirements. Projects designed for the installation of brick, CMU, stone, stucco or building repair and restoration, SPEC MIX offers a full line of products packaged in 80 & 3,000-pound bags produced with state-of-the-art batching equipment to ensure quality and consistency from start to finish. For optimal jobsite efficiency, safety and productivity, we provide contractors with numerous silo material mixing systems that maximize a contractor's cost savings, safety and profitability.
